

If you're going to the International Pizza Expo in Chicago this year, stop by our booth and enter to win a custom Hobart mixer.

TROY, Ohio (June 15, 2021) — [Hobart](#), the premium commercial food equipment manufacturer known for designing and building some of the most reliable, must-have equipment, is maintaining tradition this year at the International Pizza Expo. During the show in Las Vegas, August 17 to 19, Hobart will once again be giving away a custom-designed [Legacy® HL662 Pizza Mixer](#) (valued at \$20,000).

This year's custom design pays homage to the speed and power of the Legacy HL662 Pizza Mixer — a maximum heavy-duty 60-quart machine designed to deliver consistency for demanding dough production. Hobart will unveil the one-of-a-kind mixer at booth #353 on the first day of the expo.

In addition to a 2.7 horsepower motor and exclusive Variable Frequency Drive technology that can handle the heaviest dough loads, the Legacy HL662 mixer features Shift-on-the-Fly™ and patented Soft Start technologies. Shift-on-the-Fly helps improve productivity by allowing speed changes during operation, while the Soft Start reduces the chance of product splash-out when the mixer is turned on. It slowly transitions to a higher speed.

Those interested in entering the giveaway can submit a completed sweepstakes entry card at the Hobart booth #353 beginning at 10:00 a.m. on Tuesday, August 17. Cards are available at the booth and also in the gift bags provided when entering the show.

The completed card must be submitted by 11:00 a.m. PST on Thursday, August 19 to be valid to win. Only one entry per attendee is allowed.

The winner will be randomly selected from the entries on Thursday, August 19 at approximately 12:30 p.m. PST at the International Pizza Challenge Area and the attendee must be present to win.
